

Our Book is Here!

FROM ROCKPORT TO WEST PARK

By Ralph Pfingsten

The John Marshall Alumni Association is pleased to announce that the history project has been completed. Local historian, Ralph Pfingsten, former student (Class of 1958), former teacher (25 years) and former Alumni Director has pieced together a wonderful history of the West Park area. Included in the 326 page book are over 340 pictures, 48 maps and many charts of the area known as Rockport Township. This hard bound book begins at the very beginning...The Geologic Past. There are familiar bits of history, as well as answers to questions from the neighborhood never before explained. This great book of memories will make a perfect gift, right in time for the holidays!
