Looking back over the years, I realized that the memories I have from JMH are not of the building itself, but mostly the many friends, teachers and staff whom I hold dear. Our school building, as we know it, was replaced by a modern, beautiful structure with a new concept and hope for the future. Several architectural features from our building **were** incorporated, merging the old with the new. While the building does not look like 'our school' (for those of us who attended between 1932-2012), it still is John Marshall High School. After all, a

building does not **MAKE** a school.

We are happy to report that The Cleveland Browns will be paying for the installation of an artificial turf football field this summer.

Please check our website for further information regarding an Alumni Event at one of the Senate games or call our number provided. For those of you who have asked, at this time, no plans are being made for a new track or stands.

As many of you know, we had a Message Board in front of the old JMH, provided by the Alumni Association in 1999. The sign was then moved to the temporary site at Shuler and never returned to the new school. The school will be conduct-

ing meetings to see how a new, modern electronic controlled message board can be acquired. Stay tuned – we may be asked for help from the school!

Our annual newsletter keeps your memories 'fresh'. Your continued financial support allows us through our operating funds, to provide those memories to you.

Our fundraisers, original bricks, Alumni Plaza pavers and merchandise, help support our endowment fund providing scholarships to students each year and other school group requests. Your annual support is truly appreciated – without YOU, we could not exist.

Thank you, Ken Tischler 1/57

Hall of Fame from 1999-2015—Who will be next?

From the Principals:

JMH Engineering- Mr. Timothy Primus We have had an exciting year to date, with students having participated in many field trips and events last semester. Some are listed below.

- Manufacturing Day at Formtek and Ten80, both engineering exploration days.
- Engineering Day. We had 9 colleges and universities with Engineering programs met with prospective students.
- Social Emotional Day in which all students participated in a speaker series. Cleveland Community members, JMHS Alumni, and representatives from our school partners discussed life after high school, coping and life skills needed to be successful adults. Following the sessions, students had enrichment activities to build student to student relationships and school unity.

We have implemented the Project Lead the Way program and have 3 extraordinary new teachers leading that pro-

gram. We are on pace to add the following pathways (Aerospace, Civil, Architecture, and Environmental Sustainability Engineering) to the schools, curriculum next school year.

JMH Civic & Business Leadership - Sara Kidner, felt that a coffee shop would be a great business venture – and voila – check out the Lawyers Café, a school based coffee shop. It is run by the students of the JMH School of Civic and Business Leadership and managed by Ms. Monisa Mason, Community & Business Coordinator. During the school year, the coffee shop is open to students and staff. The café officially opened in April 2016. Regular hours are M-F, 7:15 am to 8:15 am, open to staff and students. If guests are in the building on school business, during open hours, they are more than welcome stop by. Certain community events held by the school offer additional time to visit the café too! Eventually it may be open to the public. Prior to opening, job interviews and subsequent training took place. The Lawyers Café teams focus on marketing, finance/inventory and

customer service, all important departments in the development and management of the coffee shop. Alumni can follow the café's Instagram page @lawyers.cafe and visit our blog at lawyerscafe.wordpress.com

JMH IT—Chelsey Cook John Marshall IT is the first school in the State of Ohio to focus on Computer Science. We are excited about our growing partnerships with universities and IT professionals. This April, we are planning a Boston College Tour to expose students to colleges that have renowned IT programs, such as M.I.T. and The University of Massachusetts – Amherst. We will also be visiting The University of Massachusetts – Boston, as well as participating in many of the cultural experiences the area has to offer. Upon their return, students will document their trip digitally.

JMHS Angela Boie The JMH 2017 graduating class is the last of the 'comprehensive' JMH high school program.

News from the School

On December 22, 2016, the Air Force ROTC group presented Colors at a send-off for Special Ed teacher Gary Harvey. A while ago He had reenlisted with the National Guard. Recently he was called to duty beginning in January 2017, to serve in Jordan for the upcoming year. John Marshall students, staff, friends, family and Alumni attended to help surprise him with this farewell. He was presented with a Kindle Fire – to keep in touch with family and his JMH family, along with a 'lone boot' with his name in it, from the ROTC Officer Shaw. We're sure there is a story behind that! **William Kubik, 6/59**, a Navy Veteran, also attended the ceremony along with his family – Karen Dotson, JMH Sp. Ed staff and Megan Dotson, Sp. Ed Paraprofessional for Gary.

The first wrestling match of the season was held on December 8th – between John Marshall, Glenville, St. Gabriel and Maple Hts. This was to be the Alumni Night – unfortunately very few alumni attended. So mark your calendars for the next year – this will be an annual event. In attendance though, were JMH wrestlers **Bill Var-ga, 1/41**, a State Wrestling Champ, and JMH Hall of Famer, **Jim Gorsline, 6/54**, a 3 time State Wrestling Champ. Both gentlemen gave a short pep talk to the team and enjoyed the match. Glenville had no team in attendance, so the 3 remaining competed. Maple Hts. still seems to be in charge, winning many of the matches between St. Gabriel and JMH. Be sure to mark your calendars for an annual tournament planned for February each year named in Coach Gibbons Honor.

On March 9, 2017, six JMH seniors attended the Cleveland Rotary Club's luncheon for—Who's Who in CMSD, at Windows on the River. This April, fifty seniors will also travel to Washington DC and Columbus as part of the Senior festivities.

JMIT junior **Rochell Bradley** was selected as the December All Star Kid for the Cleveland Cavaliers. Congratulations!

From the Athletic Director & JMH Sports

John Marshall High School Athletics have been through a very positive and successful first semester of the 2016-2017 school year. Our fall sports were very successful in Senate League play. The John Marshall Lawyers placed third in volleyball, second in golf, second in soccer, and were league champions in girls' tennis. Lawyer football showed great improvement, and we are looking forward to the reopening of Lawyer Stadium in the fall of 2017.

Winter sports - Boys' basketball had travelled to Barberton and East Liverpool early in the season. **Update: Boys' team participated in Tournament play on March 1st, beating Rhodes in a come from behind 20 point deficit, with a final score of 54-50. The crowd rushed the court! On March 4th, the Lawyers played Brecksville Broadview Hts. in the next round, falling to them with a score of 72-51.** The Girls' basketball team and has shown improvement and also had trips to the Chippewa Tournament and Akron. Our bowling team stood at the top of the Senate standings. Wrestling and swimming have had decent attendance. **Update: the Wrestling team ended up winning the City Championship! Congratulations to all participants!**

We are in the early stages of building a John Marshall Athletics Booster Club. We are in dire need to increase our funding to help our programs grow and compete, not just in the Senate League but all around Cuyahoga County and the State of Ohio. If you are interested in assisting in the growth and development of John Marshall High School Athletics, and in helping us put our Lawyers back where we belong, please contact me at the address below. We would love to have our community work with us in fundraising and booster club development. We could use your time and talents.

Powered by love and support, I conquered (most of) the mountains around Lake Tahoe. America's "Most Beautiful Bike Ride" comes Most important, Team in Training cyclists raised \$3.6 million for blood cancer research and patient support programs.

Those funds will go directly towards the kind of research that has already succeeded in finding a wonderful new therapy for my rare disease- 3 pills a day!- that I've taken for two years, with miraculous results. It will also help to provide financial assistance for those facing high copays and medication costs. AMBBR marked my 11th season with Team in Training, and, God willing, it won't be my last. Pictures are of me and my lovely daughter Nicole at the finish line. My jersey had ribbons with the names of heroes I was asked me to remember. As always, they provided extra inspiration needed for some of the steeper climbs. Again, many thanks for your love and support through this amazing journey. I couldn't do it without you!

Carol (Sefcovic) Kepp (6/59)

A group of six artists from Martin County have given to residents much distinguished and award-winning art, and countless hours encouraging and promoting the arts.

A show was given in their honor at the Arts Council of Martin County Gallery in Stuart, FL. I was one of six artists chosen to be in this show. I teach at the Hobe Sound Fine Arts League gallery in Hobe Sound and at the Artist Nook in Stuart.

The Masters and Mentors show was in December 2015.

I also had a piece of my work chosen for the Florida Calendar for 2016. In Feb. of 2016 one of my pieces of art work was chosen for the poster art for the Hobe Sound Art Fest.

When I was at JM in the 50's, I took as much art as I could but never thought of being an Art Teacher. Teaching art to beginners started after I moved to Florida and people would ask me if I could teach them how to paint.

1976 State Runner-Up Trophy

Ms. Beebe visited the new school and thought it would be a good time to produce the 1976 Runner-up State Volleyball Trophy. She met with Ken Tischler and Deborah Fought on 9/12/16 to return the trophy to John Marshall.

Ms. Beebe wrote, "For sure this trophy represents a time in the history of John Marshall as well as the Cleveland Public Schools. The fete that this team did will never be repeated. Why? This 1976 team didn't go to any camps as most schools now do. They began their quest the first day volleyball practice could begin. No summer league play. Their team drive to succeed was extraordinary and even surprised themselves.

Hardly any money came from the athletic department to achieve this goal. We had to work the concession stand at all basketball games to obtain money as well as sell candy. Nothing was handed to them for free.

To have these student athletes achieve what they did is monumental to say the least. All their names have been inscribed on the trophy."

Ms. Beebe kept the trophy so it would not be lost when the old John Marshall was destroyed. And now the trophy rests in the new John Marshall trophy case for students to enjoy.

Planning a Class Reunion?

Your Alumni Association can help! Reunion Committees can request address lists and mailing labels.

During / After Reunion please contact us:

If you wish to have us sell JMH merchandise at your event, we need a month's notice to schedule.

We now can take plastic!

If you need suggestions—check our webpage for our Reunion Planning Guide

After reunion, submit updates to your class list.

Submit photos of groups identified & a brief summary to be published in next year's newsletter.

Notice some things missing?

Pictures! We need group photos after your reunion to share with the rest of your classmates who couldn't attend!

And we need names! Obviously, the newsletter doesn't allow us to list all of the names in a large class photo, a committee picture, or a shot of 4 or 5 classmates together would be great.

Memories—comments or uniqueness of your reunion would be nice to hear about! But we need this AFTER your reunions when the memories are fresh!

Asking for information around January, is difficult to find and for us to get in the newsletter.

Please, send us some memories to share!

JOHN MARSHALL ALUMNI PLAZA

09-18-14

Last fall, President Ken Tischler, was contacted by Frank

Kellogg, 6/68, with some questions regarding the Pavers. His sister Linda (6/60) and brother in law Bill Hoge (6/59) had passed away and wondered if he could

spread some of their ashes beneath their bricks. Ken knew that it could be done, but thought of the possibility of putting them IN the brick.

So Ken called Milano Monuments and asked if they could drill a hole in the side of each brick.

Frank would have to put some of their remains in a 3/8 " wide x 3" long tube and they could be put in that hole.. When the pavers were installed, Frank and his wife were there to assist. What a great idea to honor a loved one!

FYI—Bill Hoge was a star quarterback for JMHS and an outstanding basketball player. In one game he scored 40 points, setting a school record—which may still be unbroken.

‘OUR’ John Marshall is gone, but the new JMHS has incorporated several of its architectural elements. The Alumni Plaza is located on the Viola St. side, near the student entrance. Several original granite steps provide three rows of seating, with rows of red brick pavers interspersed between them. You can leave your mark and become a permanent part of the new school. This is a great opportunity to pay tribute to a past JMHS graduate, a teacher, yourself, or your family. Red pavers are deeply engraved with your name and class year, with lettering painted black. Funds raised by the sale will go to the John Marshall Endowment fund, which is

Please Help Us Update our Records!

We strive to keep our database up-to-date so that we can provide addresses to your reunion committees and keep the communication lines open with all alumni. If you have friends or relatives who graduated from Marshall please and they are not receiving our Newsletter, it's likely that we don't have their current address. Please spend a few moments to let us know of a name change and/or their location. One of the most difficult and time consuming tasks for any reunion committee is trying to find missing classmates. Please let us know when and where you move in order to keep our costs down—the Post Office charges us FIRST CLASS RATES on returns and forwards for a limited time.
