Spring 2022

## From the President's desk:

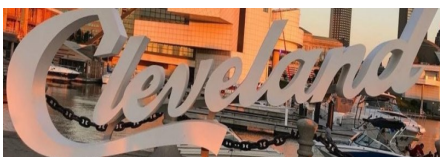

I hope 2021 was a good year for everyone and here's hoping that 2022 will be even better. Thank you to all who financially supported the Alumni Association in 2021. We can send out over 16,000 newsletters yearly, without charging a membership fee, because of your generosity.

The Alumni Association is always looking for new faces on our committee and perhaps now is a good time for you to join us! Please consider coming to a meeting and see how we operate. We meet the first Wednesday of every month except for July, August, and December. Our meetings run about an hour and a half and begin at 6:30. We meet in the Community Room of the West Park Historical Society located at 17401 Lorain Avenue, behind Citizen's Bank.

There may be changes coming to some of the Cleveland Metropolitan Schools, so keep in touch by checking our website: [jmhalumni.com](http://jmhalumni.com), and of course, local news. Unfortunately, we do not have any specific information to share at the time of this printing.

We have lost one of our best JMH Boosters recently. Ralph Pfingsten (1/58 and Faculty) passed away in March of 2021. He invigorated a slumping Alumni Association and with the sale of his book, **THE HISTORY OF JOHN MARSHALL HIGH SCHOOL**, we were able to build up our Endowment fund. We give four to six scholarships a year to graduating seniors. We will miss Ralph.

Thank you,  
Ken Tischler 1/57

### Ralph A. Pfingsten—November 22, 1939 - March 25, 2021

Ralph Pfingsten was a retired science teacher, author, and historian. He taught science for 25 years at his Alma Mater, John Marshall High School (Class of January 1958 and Hall of Fame Inductee, 2005), and was responsible for establishing the Alumni Association in 1985.

He was also a founding member of the West Park Historical Society and well known in the West Park area as the author of many books and articles. Ralph wrote the history of West Park, *From Rockport to West Park* in 2004, before penning *The History of John Marshall High School* in 2007. Many other publications followed. He was a mentor to many, a friend to all and will be deeply missed. Article Submitted: by Elaine Staley 68

The students at John Marshall IT are excited to announce that they have brand new laptops and gaming chairs for their e-sports competitions. They will be competing in E-sports Ohio the first week of March. They play Mario Smash Brothers and Overwatch and hope to be Ohio's champs!

Some of our students are also participating in a video game internship. They are creating video games for middle school students that are educational and fun! The games are focused on careers in healthcare and helping middle school students to determine potential areas of career interest.

Our robotics team is also preparing for their first competition this Spring.

On February 19<sup>th</sup> John Marshall hosted a Platinum Streetball Ballers All Star event. Platinum Street Basketball coordinated an event with the Harlem Globetrotters, AND 1, and Entertainment Basketball Classic Group to bring services

to our families as we lead up to the NBA All-Star Weekend.

There was a pep rally during school at 10:00 AM Thursday February 17th.

There was an all-star game on the 19th at 6:30 PM. (Doors opened at 6). It will be hosted by DJ Formula from Sirius XM. Tickets were free for all who attended.

How blessed we were to attend this fine school. We received an excellent education and were able to participate in many wonderful extracurricular activities. We now reside in Lakewood and Winter Haven, FL. We want to mention an outstanding teacher, Miss Olive Gibson the choir director. I remember being in grade school and seeing my sister perform at the spring concert. I was thrilled and later became a member of the choir. A great memory is of caroling in the school halls, teachers would open their doors to enjoy the music. Some of the choir members in my senior year, Dave Hoecker, Ralph Quere, Marlene Conger, along with a few others went caroling in the neighborhood and decided to help a couple in need by bringing them a Christmas tree, groceries and holiday cookies. It was a memorable Christmas all because of Miss Olive Gibson, who we dedicated the June 53 yearbook to.

The West Park Historical Society has a new book coming out in 2023 that you may be interested in. We are in process of republishing, in its entirety, a 104-page book originally printed in 1923, named "Echoes" for its 100th Anniversary. This book covers many stories of West Park High School in 1923, and the surrounding West Park area, before it was named John Marshall High School.

While there are many articles about high school life, including information on the graduating class of 1923, it is not a class yearbook as we know of them today. The first ever JMH yearbook was published in June 1924 and had only 34 pages. As we have all heard, a picture is worth a thousand words and this book contains almost 70 of them, which was somewhat rare for that long ago. This will certainly be some very interesting reading for all you lovers of local history.

Please visit our website, [westparkhistory.org](http://westparkhistory.org) or call Elaine Staley 216-267-3857 for further information and to place an order. Ross Bassett 1/70 and Vice President of the West Park Historical Society.

Did you know the former name of John Marshall High School was West Park High School? These photos are from the 1923 class yearbook to be reprinted by the West Park Historical Society.

**CONGRATULATIONS** to the 2022 Inductees from John Marshall High School to CLEVELAND LEGENDS CMSD Hall of Fame.

**Jonathan Burrell (Track & Field)** - The Senate Athletic League has produced many double event sprinters, but Jonathan Burrell might be the best since Jesse Owens. Burrell was so gifted that his 60-meter dash (6.65) record was broken a few years ago at Ohio State University, a history that lasted 23 years. Jonathan started winning championships immediately, winning the 1991 and 1992 Ohio Division I Track Team Championships. He won back-to-back 100-meter dash titles and set a state record in the 4x100 relay. In 1993, his senior year at the Ohio State High School Track Championship, a power runner struck fear in his competitions, struck gold, and won the 100 meters and 200-meter dash. Jonathan competed in the USA Junior Outdoor Track Championship, running 10.38 in the 100 meters dash, one of the top times in the nation. He also competed in the Olympic Sports Festival on the amateur circuit.

**Michelle Stoyka (Track & Field)** - The first Ohio State Girls Track Championship was in 1975. For a girl from the Cleveland Public school, learning how to high jump was rare. Stoyka was John Marshall's only qualifier for the state meet that year; in 1979, she represented Marshall High School and the Cleveland School District. She made them proud of her 2nd place in the high jump. Stoyka returned for her senior year in 1980 and competed for a tie but returned with the runner-up title due to more misses. Michelle earned a track scholarship to Kent State University, where she completed her career. According to the OHSA records, in 42 years of girl's state meet competition, only four female high jumpers from the Cleveland Public School have placed in the state championship.

**Linda J. Beebe (Volleyball)** - The first Ohio State Volleyball Championship occurred in 1975. Coach Beebe recruited girls was limited to only Senate league play. Beebe quickly molded inexperienced volleyball athletes, and they were able to compete in two years and ready for state competition. Coach Beebe's team advanced to the District Championship; they continued that success in the Bowling Green Regional Championship by defeating Toledo DeVilbiss High School (16-14) and (15-11). Her team finally moved on to Regional Finals, defeating Celina High school (15-3) and (15-13). A Cleveland Public School history qualified for a state final four for the first time. John Marshall matches up with Stow High defeating them two games out of three. Coach Beebe coached the team to the Ohio High School State Volleyball Championship, losing to Kettering Fairmount West High School. John Marshall won the State Runner-up trophy.

### JMH Alumni Golfers Golfing for a Cause

The photo below is some of our JMH golfers that have golfed weekly since 2020. The JMH grads are from classes 1966-1974, most of whom played sports both in high school and together after high school, touch football and basketball.

Since all of us are now retired, we decided to get together weekly to golf, share stories and have some laughs. One of our group, Gary Lazroff also started a weekly fund raiser to benefit the Cleveland Food Bank. We have about 20 former MH guys that participate in this causal weekly event.

**Bill Arthrell**, a former history teacher at JMH has passed. He is remembered as a renowned protester. Bill was one of 1,500 protesters at Kent State University when the National Guard opened fire, he had just turned 21. He'd gone to the protest with another student who was seriously wounded when he was shot by a guardsman.

He went on to earn a master's degree in education from Cleveland State University. After graduating from Kent he taught history off and on in the Cleveland Schools before retiring. Prior to his death he wrote a list of things he was most proud of in his life in his journal that included, being courageous, being outrageous, being a leader in the peace movement. Taking dangerous adventures, and doing it alone, almost like Indiana Jones. My sense of loyalty and willingness to try new things were listed, along with quitting drinking years ago and living around the world. Family asked to share with the alumni to update students of Bill's. The picture of The Riverside Theatre in last year's newsletter brought back many a good memory from some of the JMH alumni. We thought you'd enjoy reading them!

**Glen Horton Jr. 6/46** Yes, I remember the Riverside Theater very well. My sisters and I went to the opening with our neighbors the Jenkins on W. 162nd St. As I remember up until then we had gone to the old West Park just west of the new Riverside. I was twelve and my ticket cost 10 cents. Adults were 25 cents. The penny candy store that used to be by the old West Park moved up right beside the entrance of the new theater. After the opening in 1940 I think we went to the show every Saturday matinee to be sure to see the serial the Lone Ranger and his side kick companion, Tonto, with their horses, Silver and Scout. We would sit through the movie twice. There was a special elevated box of seats on the eastside of the ground floor where we always sat. There was one seat all by itself in front of the long box where we took turns sitting. I also remember there was a lotto night where patrons could win dishes. That's what I recall. I also remember there was a time the old West Park Theater was closed and we had to go down to W 117th St. to the Variety Theater. That is where my parents took me to see my first "moving picture." I had no idea how you made a picture move when I was five years old. But I do remember the movie, Tugboat Annie, with Wallace Berry. The cartoons were Steamboat Willie (Mickey Mouse). That had to be in 1933. Excuse my memory if I don't get all the names correct. So, you see the movies were a big part of my growing up in the old West Park.

**Carol V LaBelle 6/51** I enjoy reading all the news about the alumni and look forward to the next years copy. It was great to see a picture of the Riverside Theater we all were a part of. I remember sitting in the front row and enjoying being with friends. Thank you for keeping us informed.

**Leo Morozki 1/52** Yes, I remember all of the Riverside Theater as if it was yesterday for sure. Notable as follows, entry fee 15 cents circa 1948, popcorn 5 cents. Saturday PM double feature, included 2 movies, between features 2 cartoons or a serial mystery script each week 10 minutes each. The ushers wore maroon

slacks with white strips and had long flashlights.

Sometimes we got told to leave if rowdy, etc. All this is true.

**Barbara Roenigk Jenkins 6/56** Riverside Theatre, I lived one block from the theater. We tried to attend every Saturday because the cowboy movies were shown in a series. I remember 25 cents for the movie, popcorn and a drink.

**Faith Rusnell Goad 6/57** Thank you so much for doing the alumni letter. I do remember the Riverside Theater. Went there with my parents as a child young enough for my father to carry me on his shoulders. Then went there with dates as a team. The restaurant looks like Bearden's, loved their relish burgers. I am sure all alumni enjoy the yearly letter.

**Claren Branch Blackburn 1/57** Remembering Riverside Theater. I lived off of Trisket St. in Cleveland and as kids we would get together on Saturdays and walk to see a feature movie, running serial and 4 cartoons all for the big cost of 10 cents. Movies would run 4 to 5 weeks, Rocket Man and 4 cartoons, and popcorn and a drink were only a few cents! Those were good, innocent times. We were kids and no worries or cares and being old I kind of miss those years!!!

**Joanne (Joan) Horak Lemmerman 1/57** I do remember the Riverside show, plus the Variety and Lyric, also Bearden's (car hops) and hanging out on Rocky River.

**Joan (Chiara) Inglisano Cigler 1/59** I only went to the Riverside Theater once (too far west). Many in our area and east of W. 145th went to the Variety or Lyric Theaters on Lorain Ave.

**Corinne Goodwin Wilson 1/64** Jerry and Felicia Peppers and I spent many Saturdays at Riverside Theater as kids. I think it cost 10 cents. Later, as a 14-year-old I remember seeing Psycho there. I still can't believe that my mother let me go! We always watched Alfred Hitchcock on TV, but that was nothing like that movie.

**Tony Weinert 6/68** Not only do I remember the Riverside, I spent many mostly evenings and weekends working at the theater in my junior year at JMH. It was a good job for a high school kid interested in movies and theater. Weirdest thing I saw was the film "Georgie Girl" about 40 times. Needless to say, it wasn't my favorite.

**Jack Bird 6/69** I remember watching the movie "The Fly" at Riverside. It came on after a kid's matinee and I hid in the theater. That movie still scares me!! Also, the movie Swiss Family Robinson, I had to stand in the aisle the

whole movie it was so crowded! I played on a Nagy's baseball team once but don't remember eating there, we didn't eat out much and I think it was only a dollar for us!

**Nick Wolff 6/74** As for the Riverside Theater, movies that I saw there include "Little Big Man," "Fiddler on the Roof," "The Deer Hunter," the 70s remake of "Invasion of the Body Snatchers," "The Great Train Robbery," "Blazing Saddles," "The Twelve Chairs," and even Quackser Fortune Has a cousin in the Bronx." Ushers there used to collect for the Will Rogers Institute in White Plains, NY and I used to wonder, "Where in hell is that??" Years later, I ended up working in Dobbs Gerry, NY, about five miles west of White Plains from 2003 to 2007. But now I'm retired. Ah, relief!

**George Dameron 6/76** Do I remember the Riverside Theater, picture page 8 of the Spring 2021 John Marshall High School Alumni News. I worked at the Riverside Theater before attending and after graduation. I started as the Marquee Changer (Sign), and was a Doorman and then Manager for Loews Theaters. All the while I still set up the letters and changed the Marquee, usually on Thursday nights so traffic going to work on Friday morning would see what the new movie was for that Friday night. As a matter of fact, the OMEN II sign in the photo was my work. The Black Chrysler Cordoba, in the picture was owned by the Manager at the time Bill Helaney. I have many Great Memories from my years working at the Riverside Theater, and many Great Friendships were made. I left Loews Theater and I finished my Electrical Degree and have worked for Philips Medical Systems for the past 36 years, Investigating Medical System malfunctions and adverse conditions. I live in Olmsted Township, Ohio.

**Deborah Quillin Fought 6/76** I remember being with a group of girls and they dared my friend and I to see The Exorcist, playing at the Riverside Theater. You had to be 18 to get in and we thought for sure they would check our IDs, but they didn't. We were so pumped we got in it hardly scared us, thankfully as it was a pretty intense movie!

## Mission Statement

The John Marshall Alumni Association is a non-profit organization dedicated to supporting John Marshall High School, its faculty, students and alumni. We promote, finance, organize and participate in functions and events that contribute to the core values of education both academically and socially. We draw on our Alumni for support in these endeavors that include a Scholarship Program for graduating Seniors. Finally, we strive to maintain historical records that preserve our School's rich heritage.
