SPECIAL DOLLAR CAMPAIGN

Have you ever thought of donating to the JMH Alumni Association, but never did? Perhaps you could not think of the right amount? What **would** an appropriate amount be that would help cover the cost of the newsletter?

We print and send well over **18,000** newsletters every spring. There are

over **30,000** names in our database, including former teachers, alumni and friends. Some are deceased, some we have lost track of, many are JMH couples and request only one newsletter, and yes, there are some who don't care to hear from us, and that's OK.

BUT WHAT ABOUT YOU? Have you been receiving the newsletter year after year and never sent in a donation?

NOW IS YOUR CHANCE AND WE ARE ONLY ASKING FOR \$1.00 !!

If everyone who receives this newsletter would take the time (using the envelope provided) to send in **\$1.00**, that would **more** than cover the cost of printing, mailing and address corrections. We average about \$8,000 a year in expenses for the mailings.

Here's another idea: How many years have you been out of high school? Twenty? Thirty? Forty or more? Maybe you would consider a **Dollar a Year** for every year since you graduated. If you have never donated to the alumni association, now is your chance to make a difference. Show us you appreciate the work we put into each issue. Which ever way you choose to donate, we do look forward hearing from you!

Enjoy reading about your classmates, teachers and friends. Be sure and attend as many events as you can. We always have a great time!

Thank you, **Elaine Staley**

Joe Vadini - Class of 1948/Faculty

Marjorie (Durk) Maier, 1/40, returned to Elyria, OH from Pensacola, FL in November of 2005. Her three children, **Sharon (Maier) Gilbert, (6/63)**, and **Tom (6/65)** and **Annette Maier, (6/69)**, are all Marshall graduates.

Louise (Grall) Patterson, 6/40, of Ormand Beach, FL, is "doing OK for an 84 year-old." As a result of a fracture of her 1st vertebrae, caused by a fall on concrete in 2005, Louise found it necessary to wear a "Halo Brace, 24/7", for three months. She saw some of her classmates at a July luncheon and has spent a month in the mountains of North Carolina. Most of all, Louise missed her ocean front home after being away two months.

Walter Pack, 1/41, of Sun City West, AZ, served in the Army Air Force during World War II. Following his service discharge, Walter attended Fenn College and the Case School of Applied Science, majoring in Industrial Engineering. For over 25 years, Walt has worked as Plant or Manufacturing Manager at various companies including working closely with Jacques Cousteau to ensure his crew obtained all the gear required for their expeditions. Walt and his wife Anne enjoy traveling, their three daughters and two grandchildren.

Edward Brenneis, 1/42, in Berea, OH, still keeps busy, "sometimes too busy. Or maybe it's just because it takes hours to do what used to take minutes."

Phyllis (Boner) Bullock, 6/42, of Lakewood, OH, was recognized in May for fifteen years of volunteer work in the Lakewood schools' kindergartens. Phyllis enjoys "doing lunch" with **Margaret (Yetman) Glunt (6/42)**, and **Winifred (Varga) Johnson (6/42)**, and traveling to visit her daughter in Florida and her son in Colorado. She was saddened to learn, however, of the passing of **John Noble, 6/42**.

John M. Riegel, 6/42, of Middleburg Heights, OH, and "around ten guys from the classes of '42 and '43" meet the first Wednesday of month at the Red Lantern.

Jackie (Douglass) Guiot, 6/43, and her husband continue to live in the desert of Indio, CA. They have three grown daughters, all married, and eight grandchildren. Their brown schnauzer Coco gives them great pleasure.

Gerald Teague, 6/43, moved in with his son in Goddard, KS following the passing of his wife **Marjorie (Regula), 1/43**, after their 58th Anniversary last year. Gerald grew up only a block from John Marshall, at W. 143rd. and Lakota, and remembers playing at the construction site.

Michael Caparon, 6/46, of Midland, MI, and his wife Bernadine just celebrated their 49th wedding anniversary and look forward to celebrating their 50th. And they still do not have a cell phone!

Helen (Haller) Schatschneider, 1/47, of Avon, OH, became a first-time great-grandmother in February, 2006. The baby's mother, Helen's granddaughter Sarah, is in her third year of OB-GYN Residency at Chapel Hill Hospital in North Carolina. Helen remains involved with several service and volunteer groups.

Donald Scranton, 6/47, of Bosque Farms, NM, just finished serving in the Marine Corps League, Dept. of New Mexico, as Chaplain. His travels include his trip to Cleveland for the 2005 National Marine Corps League Convention, and many trips throughout New Mexico for the funerals of Marines killed in Iraq. Donald hoped to travel to Branson, MO, for his Air Wing reunion in October and to receive back care from the VA for a spinal problem.

H. Alton Harrison, 6/48, and **Eileen (Vogt) Harrison, 1/48**, left their hurricane-damaged home in Florida in April, 2005, and settled in Sun City, AZ, where their eldest daughter and two grandsons reside.

Hazel (Hervi) Sefing, 1/49, moved to the snow country of Hyrum, UT, after living in California for forty-seven years.

Mary Lou (Noel) Pollak, 1/49, of Fairview Park, OH, has been traveling the world with Global Volunteers (a smaller version of the Peace Corps), since the death of her husband and traveling companion. She has taught conversational English to middle-school students in the Puglia region of Italy, worked with orphaned and abandoned infants in a clinic in northeast Romania, and helped students in a vocational High School in Monte Verde, Costa Rica. "All were exciting, educational and gratifying trips. Being 'old' doesn't mean you stop learning. Life is an adventure!"

Marilyn R. (Schall) O'Neal, 1/49, and her husband Al now live in the retirement community called The Cloisters, in DeLand, FL. The facilities cover thirteen acres and the city of DeLand is the location of Stetson University, the home of excellent Music and Drama departments. They have enjoyed many concerts and plays there. Life for the couple slowed a bit in 2000 when Paul was diagnosed with multiple myeloma, a cancer to the immune system. It slowed a bit more in 2002 when Lois suffered a major stroke. John Marshall High School: Then and Now.

The photo at the right is what John Marshall looked like when it was first built. Note that there are no houses past W143d St., and there are houses missing on the corner lots on W. 140th. St. The school was shaped in the form of the letter "E", a shape that is not so apparent in the aerial photographs below.

This is John Marshall as seen on the new Microsoft Website, <http://live.local.com>

This website has a combination of satellite imagery as well as aerial photographs of most of the Greater Cleveland Area. The quality is quite amazing. Check it out for yourself.

The Microsoft Website allows you to look at structures from different angles. This one is looking North. Note that the football field is grassless in the center. Pictures are taken when the leaves are off the trees so that more detail can be seen.

Coming Soon: *The History of John Marshall High School* by Ralph Pfingsten

What was the size of the largest class? How about the smallest? Who scored the most touchdowns in a single game? How many Chairmen of the Math Department have there been? When was Marshall built? (careful, this may be a trick question). How many people have graduated from John Marshall? Who holds the single game scoring record for boy's basketball? Would it surprise you to know that Franklin Cover was active in Drama at Marshall? How many valedictorians have there been? (this is a trick question). How many teachers have there been?

Soon you will be able to answer these and hundreds of other questions about your alma mater. The long awaited *History of John Marshall* should be available sometime in late sum-

mer to early fall. Cost is yet to be determined and only 2,000 copies will be printed. There are hundreds of photographs covering every aspect of the school. The theme centers on the three basic parts of any school including the building, the faculty and the pupils. Some of the chapters include: The early history (West Park High School); Building the New School; The Junior Highs and Elementary Schools; The Faculty; The Pupils; Drama and Music; Sports; Night School and PTA; Alumni Association and Hall of Fame.

As many of you know, this project was started in 1997 while we were preparing for the centennial celebration in 1999. Someone said "wouldn't it be nice to have a history of the school for the centennial?" I got

the project by default not having any idea what I was getting in to. I soon discovered that the community and the school were so entwined that everything overlapped. As the work continued, it became apparent that there was too much information for a single work and that it had to be split into two projects. *From Rockport to West Park* became available in late 2004 and spawned the formation of a West Park Historical Society. Now the *History of John Marshall* will soon appear.

Start checking the web site in early June for information on availability and price-www.jmhalumni.com. And remember, all proceeds go directly to the John Marshall Alumni Association.

The photo at the right is what is now the John Marshall High School Football field. The picture was taken around 1930-1931 prior to the construction of the current John Marshall High School. You are looking north. The telephone poles are on W143d St. Beyond the poles is the greenhouse of Featherstone Farm, now the location of PPG.

All of this is clearly spelled out in our Constitution. If you have suggestions or requests, please get in touch with us. We welcome input from everyone, *especially* the current faculty. We have a website that can be used to promote the school, the students, your functions and activities. We need to hear from you regarding events and specific needs in order to do that. Call us, come to a meeting, email us or send a letter. Please remember that we care about our alma mater and want the best for our school just as you do. We may not be able to grant every request, but we promise to consider each one seriously. Together we will make a difference!

Two More JMH Authors

We have featured several JMH Alumni who have written books. Two more Alumni have notified us of their accomplishments.

Howard "Bugs" Williams has recently been promoting his book "**REMEMBER WHEN? Growing Up In The 50's in Cleveland, Ohio**". There will be a book signing in April, 2007, at the Puritas Nursery. See our website for more information, or call Peggy Cecora at 216-941-9730.

Bugs was in the June class of 1958 and his wife of 47 years, Jeanne Kline Williams from the class of June 1960. He retired from PPG Industries, Inc. in 2001 as the head of the Color Concepts Division Automotive Refinish Department. His good friend, John Shapiro owns and publishes the **CRUISIN TIMES MAGAZINE** and has featured some of his articles. Bugs says that a major part of growing up in Cleveland was spent at JMH, so he has included faculty, groups, clubs, fads and teachers that have made an impression, in his book. The cost is \$10.00 each, or \$12.00 to cover shipping. You may call him at 440-864-0096

Ken Krisby from the June 1968 class is a featured author in **Conversations On Success** from Insight Publishing. This series captures the insights, strategies, and inspiration of success minded people and features the transcribed interviews of fourteen other dynamic professionals, who offer cutting edge lessons in success.

Ken has thirty years of experience in sales training seminars. He is a people motivation expert, who gives lessons, employee education classes and industry specific talks. Helping people improve their skills is Ken's goal. He is also a competitive weightlifter in the senior masters division and is also actively involved with Breast Cancer Awareness and the fight for a cure. Ken is involved with three Chamber of Commerce Chapters in Pennsylvania and is President of his Homeowners Association. He assists in coaching youth baseball, a den leader for the Boy Scouts of America and is the manager/coach for his church's co-ed softball team.

You may reach Ken Krisby by writing him at 208 Lloydmont Drive Wexford, PA 15090.

ALL ALUMNI PICNIC May 28th, 2007, 12noon - 8pm

The Annual All Alumni Picnic will be held once again at the Melody Grove Picnic Shelter, 38515 Sugar Ridge Road, North Ridgeville. Bring your own picnic basket. Beverages provided. A small charge per family may apply. Picnic tables are limited.

This is a family affair and open to all age groups. There will be games and prizes. Bring your grandchildren and some extra chairs!

This event is sponsored by **John Salay, 6/54**. Although this event started as a class of 1954 picnic, **it is open to all alumni, current and retired faculty & staff**. It's a wonderful way to get together with your classmates as well as those in other classes. Call your fellow alumni and attend as a group!

The Alumni Association is now helping to subsidize this event and we would like to see a **BIG** turnout. So mark your calendars and plan to attend!

Contact John Salay, 216-251-0973, or email: j.salay@sbcglobal.net for additional information.

ALUMNI DIRECTOR CANDIDATES SOUGHT

The Alumni Association is seeking candidates for the position of Alumni Director. The Alumni Director is the interface between the AA and the school and represents the AA at school functions. He/she would meet with the Administration/Faculty on a regular basis and participate in the exchange of ideas and information. We are seeking someone who can visit the school during the daytime hours. A retiree or someone who has time available during the day would be ideal. This is a position which is crucial to a successful relationship between the school and the AA. Please contact us if you are interested in this position.

Final Roll Call

Please be advised that **Patsy Levan Liebert 1/68** and **Faye Kunsch Reinhardt 6/55** were mistakenly listed in our Spring 2006 Newsletter as deceased. We apologize for the error.

January Yearbooks Available on CD

If you graduated in a June Class, you probably don't have a January Yearbook. They were usually smaller than the June issue but they did have material that may have included you or your friends. The AA has embarked on a project to scan these January Yearbooks and make them available on CD's.

Currently we have January '54, '56, '61, '62 & '63 and we will send the ones you request if you make a donation to the Alumni Association. Just check the appropriate block on the form when sending your donation. Thanks again for your support! If you don't receive your CD after 30 days, please send an email to john@jmhalumni.com.

Please Help Us Update our Records!

We strive to keep our database up-to-date so that we can provide addresses to your reunion committees and keep the communication lines open with all alumni. If you have brothers, sisters, parents, friends or relatives that graduated from Marshall and they are not receiving the Alumni Newsletter, it is likely that we do not have their current address. Please help us keep our database current by letting us know where they are. One of the most difficult tasks for any reunion committee is trying to find missing classmates. It may be that they have moved or are possibly deceased. If everyone will spend a few moments to keep us informed, everyone will benefit. Reunion Committees: Please send us your class list with changes and corrections highlighted. If an alumnus has passed away, please supply a copy of the obituary and date of death if at all possible. Please include the class year if you know it; if you don't, please give us what information you have. It all helps. When you move, don't forget to let us know. You can always email us at info@jmh alumni.com or call us at (440) 356-0249. We want to hear from you!

Please remember to tell us if you move. The Post Office only forwards mail for a limited time.
