Spring 2012

From the President's Desk

A week or so before the May 7th open house, we found out JMHS would not close in 2011. It was too late to stop at that point. The Alumni trustees expected a big turnout, and attendance exceeded our expectations. We were on cloud nine. The school sponsored pancake breakfast was late getting started, but it was great. About 500 people were served. Ralph Pfingsten put on an outstanding JMHS history presentation, shown three times in the auditorium. About 4 to 5,000, alumni, neighbors and friends showed how much they loved their school. Representatives of the CMSD were impressed. They said they had never seen such support for a Cleveland school before. At this time we do not know if JMHS will close in 2011. If so we may hold the Second Annual JMHS Closing Open House. Stay tuned.

Ken Tischler, President of JMHSAA

Just to let you know—as Sgt. Schultz always said to Col. Klink “I (We still) know nothing!” Well, there are a few things we can tell you. First, the Landmarks Commission decided in January to declassify the Historical Status of John Marshall High School.

Once that was done, the school system could go ahead with its plans—securing modular classrooms, developing further logistic plans at the Shuler site, and finalize plans with the construction company. Tentative plans are for some packing of non-essential items to begin over spring break. The Alumni Association hopes to have some say in what those items might be. Since things still are not definite, we are holding another **Farewell Open House Part II, on Saturday, May 12th, from 9 am—3 pm.** Ralph will present his slide show, merchandise will be available, representatives from the District will be in attendance, and hopefully additional current/former faculty, students, friends, family, and YOU!

Many people returned for the Open House. Many said they hadn't been in the building since graduation. Many don't want to see this building demolished. Many would prefer the build-

ing be refurbished—so that we can keep our auditorium, track, and pool—all of which are unique to Marshall. Now, if we could just get \$7 million dollars donated to build an auditorium, that would be great! But we don't think that will ever happen.

Halls were lined with people. Those of us who attended JMHS during the late 60's and early 70's, know how crowded the halls used to be between classes—it truly was a flashback to those days. Current staff and students could not believe the number of people wandering the halls—it was most evident on the first floor where everyone seemed to congregate.

Some of the people you missed were the following former teachers: **Ralph Pfingsten, Frank Sprehalski, Gene Gibbons, Terry Scabel, Carl Locke, Linda Beebe, Victor Daiuto, Mary Gensler, Ken & Marijane Kubach, Tom**

Romane, John Jacobson, Al Reinke, Buzz Haller, Joseph Chippi, Marlene Samuels, Bill Kemer, Edmund Hohertz, Al Valenzisi, Richard DiScipio, Joyce Murphy, Tom Demo, Ken Latkovic, William Eisenhardt, and Paul Johanni. There had to be others!

Current staff in attendance were: **Luther Johnson, Justine Lance, Cheryl Wells, Dr. Erin Murphy, Mike McCann, Deborah Terry, Michele Franklin, Russ Germaine, Gini Kolar 72, Kim Greytak, Bob Fast 78, Dan McMillan 71, Mimi Thomas, Naomi Leveck, Maxine Matovic, Rick Parchen, Security Staff: Kevin McKinney, Eric Graham, Kevin Danielson, Joyce (Davis) Jones 83. Kitchen Staff: Lakietha Riggins, Betty Perry, Joanne Williams, Custodial Staff: Brian Arnold, Frank ?, Archie ?.**

We truly hope that more former and current faculty will join us this time too—to reminisce with coworkers and to reconnect with former students!

A Note from the Principal, Mr. Luther E. Johnson

My first year serving as John Marshall's principal has been very rewarding and the overall school culture has been very successful. As with all changes of leadership, there was some apprehension school wide, but it has been an exciting experience getting to know the staff and students. Great strides have been made this past year, due in part to the degree of trust and respect the staff exhibits among their colleagues, students, and me, as well as in my perception of their efforts. This was most evident in our school's status moving from Academic Watch to Continuous Improvement. Also, our semester awards program was held recently and the number of recipients blossomed from 150 students last year to 209 receiving honor, merit, citizenship and attendance awards. Parent attendance at the programs has improved greatly as well. Two new awards were given out this year – a Citizenship award, for the student who might not have the outstanding grades, but one who has exhibited a great effort and improvement throughout the year. The second award, the Principal's Award, will go to the student with the highest academic progress, leadership qualities, and exhibits an effort in serving the community.

Marshall has some of the best teachers in the district. Their level of commitment is refreshing and evident daily – from working after school preparing for the next day, supervising student activities, and pushing and encouraging students to blossom academically and personally. Teachers at JMH are also piloting TDES, Teacher Development Evaluation System, a program for evaluation of teachers statewide. They will be implementing procedures which focus on different learning methods. Those involved will also follow through on the implementation of the evaluation system within the district.

Students have taken the initiative to establish groups or activities, showing a great deal of pride for what they do. Collective efficacy is evident among the staff and student body.

The upcoming year will certainly be challenging, but we are going to make every effort to make a smooth move to the Shuler location (we will still be John Marshall High School). Although the next few years will be a little 'tight' physically, we are confident that there will be no major interruptions to our rigorous academic programs, extracurricular activities, and overall progress.

Thanks to **Gary Sautter**, and the CMSD, for arranging to have the park-

ing lot lined, the pot holes repaired, and draining the water in the parking

area under the gym that had collected from the spring rains. The faculty had referred to it as Lake Marshall! After having done several school functions of this nature, he was truly amazed at the number of alumni and neighbors who attended the event. Also, thanks to the **West Park Historical Society** for their participation in this event.

We can't thank **Mr. Luther Johnson** and his staff and students for all the

support given to this event. We truly appreciate your support in making this a successful event!

Now, we wait, as of **3/1/12**, we have no new information as to if/when the school will close, but with the declassification of historical status, bids submitted on the modular classrooms, and packing plans being made, it appears that **Our John Marshall High School** will close its doors this June.

But,

Forever We will Love Thee, with hearts so true and strong, Oh Marshall High the best school! We praise thee in song!

Walter Pack, 1/41, Sun City West, AZ, is always pleased to hear from anyone still above ground from the class of 1/41. His best friend, Harmon Unkrick, passed in his early 70's and at the time of the newsletter, Walter was pushing 88.9 and still hanging in there! His hobby lately is pastels. Years ago, 1963-1970, he was associated with Jacques Ives Cousteau as Plant Manager, manufacturing scuba diving equipment.

Glen Horton, 6/46, Brooklyn, MI, reports that the June '46 and January '47 class held their annual reunion at the Radisson in North Olmsted on September 18, 2011. It was the 70th consecutive annual meeting of the class. Those present support the campaign to save old John Marshall from demolition. Check out the mini-prints of some of the 83 year old classmates who attended the good time get together! (Ed Note—Way to go 46/47! I admire your commitment to each other to keep the JMH family together!)

Kenneth Riedel, 6/46, Paso Robles, CA, was unable to make the reunion, but made it to Cleveland in October! Has enjoyed life in California since 1984.

Nancy (Godwin) Williamson, 6/46, Pep, NM, reports that in October of 43, when her family moved from Parma to Cleveland, she became part of the JMH family. She bonded with **Bobbie Klein, 6/45**, and **Terry Webeck, 6/48**, all 3 being crazy about horses, soon became known as the Three Horse Nuts. After graduation, Bobbie married a cowboy from SE NM, and then introduced her and Terry to the fellows out there that became their husbands. What is unusual of their relationships— all e lived on cattle ranches within 100 miles of each other and kept in touch over the years,

enjoying each others' company, until Terry's death in 07 and Bobbie's in 08. They felt it odd, that after growing up in a big city school back in Cleveland, that they all ended up near each other in New Mexico, just because they loved horses so much when they were young. They were very lucky to have that long lasting bond and friendship.

Ralph Massey, 6/47, Nassau, Bahamas, has been a resident there since May 1984. He attend CWR, graduated magna cum laude, Phi Beta Kappa, with a BA in Economics. Mildred (Swegle) Betcher, 1/48, Dun-

nellon, FL, loves receiving the news also, but sad to know that not many or her class remain.

A special prize was awarded **Mario Vadini**, a red velvet top hat which he wore with his captivating smile. Other door prizes were won by another 5 of the '52 class. Attendees included those as far away as NC, CA, WI, FL, and AZ. The committee included **Dave & Carol Schall**, **Hank Mayer**, **Bob Yaroma**, **Don Ray**, **George Porvasnik**, **Sue (Hamner) Campbell**, **Pat (Wilson) Kuhar**, **Joan (Kaloczi) McHugh** and **Jenny (Dykstra) Dregalla** and wishes to thank all who attended.

1960's

Gary Kizzen, 6/60, Westlake, was fortunate to be one of the students who attended JMH from 7th to 12th grade. His class toured the building in July as part of their reunion weekend—another chance to see the school as it is today. Regarding the upcoming Open House on May 7, 2011, (ED. NOTE: Gary obviously got his spring newsletter and responded right away!) he stated, “For those of us who still live in the area and others who live close enough to drive, this last Open House will be a gift to all those who come, remember and enjoy “The End of an Era!”

Louise (Chmielewski) Jares, 6/60, reports in from North Olmsted.

Lynn (Plumeck) Boettcher, 1/61, checks in from Brunswick.

Robert Staley, 6/61, Strongsville, was looking forward to the 50th reunion last fall to spend time with fellow classmates and those from the June class. (ED. NOTE—Hope he had a great time!)

Carol (Neuwar) Kline, 6/61, New Port Richey, FL,

has retired from banking. Recently traveled to Europe and found a lost cousin in Vienna, Austria, and visited with her. Husband John is retired also. They have 3 children and 6 grandchildren. It is nice to be retired!

James, 6/61, and Lorraine (Herbert) Knipper, 1/63, Haines City, FL, are both retired and love living in Florida since 1996. They visit Ohio twice a year, at Christmas and in the summer, to enjoy their children, Kellylynn, 46, and Jim, 43, and grandchildren—twins Jen & Jess 21, Jacki Rose, 15, and Jack, 13.

Gloria (Wiese) Hoeppner, 6/61, Bakersville, NC, was co-chair of a fund raising “Hoe Down” in the Fall of 2010, for the local Democrats, a serious minority in the NC mountains! She met a couple who recently relocated from Cleveland and naturally asked the questions—East or West? What HS? Can you guess? She was talking to a fellow JMH grad—**Dick Crews, class of 1958**. Small world—one never knows where one will find another JMH connection!

Hall of Fame Inductee Phillip Rakita Class of June 1962

Joe Casaregola, 6/62, Strongsville, retired in 2004 as Administration, Human Resources, at Southwest General Health Center. He's been married to Jan for 42 years. She is a travel agent, so they certainly enjoy the traveling. He has taken up acrylic painting and enjoys the challenge.

Typed responses work best—so thanks for the update) Betty is the Voice Over Audio Supervisor the syndicated entertainment news show EXTRA, hosted by Mario Lopez. That show beats ET in major markets in NY, SF, Boston, Miami, and Chicago, etc. In Cleveland it usually airs at 2 am. She is with the Director's Guild of America (DGA) (not the DEA!), Minority Student Film Awards for Women, which was originated by Gene Reynolds, executive producer/director of M.A.S.H.. Doris (Howitt) Haney, 6/64, Terrell, TX, had hoped that more people from the class of 64 would post on the alumni webpage bulletin board, to reconnect. (Ed Note: You might have better luck forming a group page on Facebook or checking out the Alumni group page there—I believe there are many from the early 60's that pop in there, and it is a faster reply!) She was also saddened by finding James Edmunds' obit, someone she had a crush on so many years ago. Our mortality is realized once others our age pass. It is inevitable.

Lawrence Dellapasta, 6/64, Murphy, NC, served in USAF from 64-68 and then resided in Bradenton, FL from 70-98 and retired from the Bradenton Police Department and returned to Murphy, NC with his wife of 32 years, Mary. God is great—Life is good!

FYI

Hall Of Fame

The Hall of Fame Committee is comprised of Alumni Trustees and Current & Past JMH Faculty. Inductions are held every 2 years, but occasionally the HOF sponsors other events, like the Sports Celebration for the sports teams from the 50's & 60's, and they plan to do a Salute to Retired Teachers next year.

The Selection Process

The HOF solicits nominees 10 years after their retirement or graduation from JMH. Faculty members are selected based on their leadership, knowledge of their subject, impact and influence on students, and any other community contributions. Students are nominated based on their academics, activities, community service as a student, but also for their contributions from higher education, career or community service. Over 200 nominees are on file.

All Hall of Fame nominations received by the committee are placed in a binder. There are currently more than 200 names on file. A focus group from within the committee, reviews all nominees and submits a list of 35-50. The committee then evaluates those nominees and narrows the list to 15-25. A vote is then taken, rating each nominee with a ranking of 1-10, 10 being the highest. Once tallied, the top 7-10 are selected for induction in to the JMH Hall of Fame. The other nominations are returned to the file to be reevaluated for the next induction class.

New Nomination

The committee welcomes new nominations at any time. A nomination form can be found on the JMH website, or mark your return response from page 23 to request a form. Please consider nominating a JMH grad or faculty member whom you believe to be eligible.

School Sports News By Andy Mathews

September 23, 2011, Alumni Nite, JMH vs. JFK. The Alumni Association tried to get info on the football schedule prior to the newsletter being printed, however, it must not have been set in stone at the time of press. We did try to reach alumni on Facebook to let them know that we were trying to sponsor this nite out—and we had many responses and several that did show up—But the game nite was a bust in more ways than one. It had to be the best version of a MUD BOWL—the rain was coming down all day—the field was a mess. By the end of the game, you couldn't tell who was on the JMH or JFK team and the field was torn up. At the end of regulation time, the score was 0-0. JFK won the toss, scored a TD and opted for the 2 pt conversion. On our possession, we fumbled on the first play and ended our chances—JFK won 8-0.

We do have some great news to share—the Bowling Team swept the Senate Championships. The coed team defeated Lincoln West, the Boys team beat John Hay and the girls surpassed Glenville. The teams were undefeated in regular season and in the playoffs, first among city teams to compile these records! High score for the boys was a 299! Wow! One of the girl's bowled a 187! Surprising results, as most of this team was made up of first year bowlers!

We mustn't forget the Girl's Swim team— In January, they won their 14th straight Senate Championship at CSU. Team members finished first in almost all events, two placing second, of course adding dramatically to the overall total. Well done ladies!!!

THANK YOU!

The children of Principal Tomko attended last year's Open House. Before they left the event they brought in his collection of yearbooks from his years at JMH. The yearbooks have been added to our supply of extras available for sale (sorry—89 is long gone!)

"IN OUR DUFFEL BAGS -Surviving the Vietnam Era"

By Richard C. Geschke & Robert A. Toto ISBN 978-1-4620-2354-7

Written predominantly by JMH grad, **Richard C. Geschke, 6/65**, the book tells of two ROTC officers who served their country during the Vietnam era, from 1969-1972. It is not a war story per se, but rather personal experiences from Forts Benning & Bliss, the jungle Warfare School in Panama, Germany, and Vietnam. Depicted are the routines and stresses junior officers faced as soldiers, their individual perspectives, and ties back with their families. The book is a collection of short stories. It does not embellish the writers, but tells it like it was. This is a 220 page paper book, easy to read and well worth your time. **K.J.T.**

Thurman Fields, FAC, Berea, KY, keeps busy playing tennis, gardening, counseling and playing some golf too!

Doris Krueger, FAC 54-58, Westlake, reports that **Dr. Herman Teichert**, 6/60, Zeeland, MI, retired after 32 years as Professor of German at Western Michigan University

in Kalamazoo, MI.

Ken and Marijane Kubach traveled this summer to their family's own "royal wedding" in London, England when Ken's nephew was married at the Claridges in an elegant black-tie event. Prior to the wedding, they flew into Paris for a 3 day stay enjoying the sights, touring Versailles, and eating dessert at Angelina's, featured in Schultz's "1000 places to see before you die". The desserts were "to die" for!

Pre-wedding excursions included Hampton Court, Stratford on Avon, Stonehenge, Oxford, and the Cotswolds. Touring London with a shopping trip to Harrod's and high tea at the Claridge's was Marijane's "cup of tea", but Ken's most memorable moments occurred in a tank as other male members of the wedding group shot paintballs. Ken and his brother-in-law came in second in the competition. They also drove hover crafts over a sheep field.

After the wedding, the Kubachs took a train to Hadrian's wall and then rented a car and drove through Scotland. Marijane took "staying in a castle" off her bucket list when they spent three nights at Airth Castle in Stirling. Ken was thrilled to walk on St. Andrew's golf course. There were castles at every turn and they stopped counting after 30. The Scottish Highlands were beautiful but the weather was cool and rainy (July).

From Stranraer, Scotland, they ferried to Belfast and then took a train to Dublin, Ireland. Highlights included a tour of the Guinness Brewery where they poured a perfect pint and the Book of Kells. From Dublin they rented a car and drove to Kilkenny, Waterford, Blarney (where Ken kissed the stone, not that he needed to!), the ring of Kerry and the Dingle Peninsula. Staying at B&B's in Ireland were wonderful but a GPS is a necessity with the lack of road signs.

Ken and Marijane ended their Irish experience with the Cliffs of Moher, traditional music in Ennis, and a medieval feast at Bunratty Castle. After hearing beautiful Irish ballads, including Danny Boy, they walked back to their hotel hearing strains of bagpipes lilting through the air.

Where in the world are the Kubachs?

Fourth of July Parade

By Joy Eberhardt Brashwitz

We had a float this year! It was built by **Don and Maria (DeLuca) McKee**; with the truck and trailer donated by Steve Ali, owner of Extreme Performance.

Depicting a classroom with chairs and a blackboard, alumni participants became students for the day. SAVE JOHN MARSHALL signs adorned the sides. Others walked and passed out small flags and candy along the route

Those in attendance were, **Ken Tischler (1/57), Maria (DeLuca) McKee, 6/74, Joe DeLuca 6/76, Don McKee (West Tech), grandchildren of Josephine DeLuca, 6/71, (Monterra Warmuth DeLuca, Ronell Warmuth DeLuca, Ginanna Mullens DeLuca, Aribella Mullens DeLuca), Judy Gilson, 1/70, Susan Kirst, 6/58, Andy Mathews, 1/70, Angelo Costanzo, 6/56, Gerald Valaitis, 6/01, Ted Solarz, 1/44, Mary Sinatra, 1/54, John Papay, 6/63, Ray Vorell, 6/69, Anita (Safonous) Grelle, 6/79, Elaine (Schultz) Staley, 6/68, and Joy (Ehrhardt) Brashwitz, 6/54.** Plan to join us in 2012—it would be great to have the largest group!

Lawyerettes, cheer leaders, band members, come join us—recent grads too! Let us show West Park that JMH is the BEST SCHOOL Ever!

Calling all Veterans!

JMH displays a memorial for Marshall students who gave their lives during WWII. But we have nothing for other military actions—Korea, Vietnam, nor Iraq/Afghanistan. So we need your help—please submit the names of those JMH grads (or those who left early to join the service), who gave their lives in the above actions.

We also would like to maintain a list of all who have been drafted or enlisted over the years. So, if you know of someone who fits the bill, please supply us with as much info as possible:

Name and Class Year; Branch of the Military, Rank, Which action? - WWII, KOREA, VIETNAM, IRAQ, AFGHANISTAN; Military Status: MIA, KIA, WIA, DISCHARGED, CAREER

Final Homework Assignments

In last year's news, we asked :

Please, in **500** words or less **typed**, send us your favorite "Memories of Marshall" - of a favorite teacher and how he/she impacted your life/career, an event or location at the school, etc. Below are the few received. We hoped there would be many responses, so that we might be able to compile a written "Memories of Marshall" to share. Maybe after reading these few memories, one will get inspired to share his/her memories.

If you don't have email, please have someone email your memory to:

judy.gilson@gmail.com

Please include full name, class year, & address if different from the mailing!

Marion Tourt Evans, June 1932
Columbus, Ohio

Although she did not submit a formal memory, we thought we would share. She may be our only surviving graduate of this class, the first graduating class. She was recently interviewed by the Alumni Association and the West Park Historical Society, which featured her in their January 2012 Publication. In the Alumni interview she stated the memory that is still with her, is the smell of the fresh paint and plaster upon her entering the 'new' John Marshall in the winter of 1932. Something that future students will share!

Dorothy McCave Kullman, June '44
Norwalk, Ohio

It was 1942, I was sixteen, a sophomore, who had transferred from Wilbur Wright the year before, because I wanted to attend JMH, instead of West High. (My sister, **Mary June McCave Kasten**, was a June '38 Marshall graduate.)

I was tutoring a fellow math student in **Mrs. Burridge's** office, adjacent to the radio room where **Frank Simpson**, who was in my French class, and **Jack Kullman**, a stranger to me, were on duty. The table, where I was sitting, was next to a big window overlooking the radio room. Jack had seen me, the previous year, walking the halls with my boyfriend, a senior at the time. Jack had thought I was a senior also, but then, there I was, one year later, right in front of the radio room.

At that point, Jack started to write "Are you going steady?" on his notebook and held it up to the window. When I shook my head and said "No! He responded with "Do you want to go to the movies?" I said, "Yes".

(That was an answer which was to shape the rest of my life.) Besides, what girl would say "No" to the President of the Student Council?

In fact, who would ever think a ZaSu Pitts-Slim Summerville movie date on a Friday night at the Riverside would ultimately lead to a lifetime of happiness? We had a six-year courtship. Jack was graduated from JMH in January '43, went through an intense two-year V-12 engineering program at Case, received his degree and was commissioned as an officer in the U. S. Naval Reserves.

In 1946, as a June '44 graduate of JMH, I was a sophomore at OSU, pinned to Jack, my Phi Kappa Psi "sweetheart" and working towards a B.A. in English Literature.

By then, Jack was out of the Navy, gainfully employed and on a lovely Sunday afternoon in June, when I was home for the summer, he asked me to go for a drive. We wound up parked in front of JMH, which I thought was a little odd, but Jack, a man of few words, had plans. He proceeded to say "This is where it all began so this is where I want to ask you to marry me." I said "Yes" and my Eagle Scout, "always prepared" boyfriend, slipped a diamond on my finger.

I finished school in March '48. We were married in April, had three wonderful children, two sons and a daughter, and moved to Norwalk in 1959, when Cleve-Harris transferred the engineers to Milan. We loved attending those terrific one-of-a-kind well-run reunions held by the January and June classes of '43 and always expertly spearheaded by **Dottie (Bath) Wolff and Vern Rolland**. What friends, what fun, what loyalty!

We had 57 years together and were blessed with 9 grandchildren and 12 great-grandchildren. Ours was a marriage, filled with love and laughter, until cancer reared its ugly head. It will be six years, in July, since Jack's been gone.

It may be the end of an era for JMH but, for me, the memories linger on, as fresh as daisies, yes, daisies, just blowin' in the wind.

Anne Krause, June 1958
Hernando Florida

When entering John Marshall for the first time in Sept 1954, starting as a freshman, I was overwhelmed at its size! I had attended St Vincent de Paul for 8 years, so I really enjoyed my homeroom class with Miss Repar, and Home Ec with Helen Harper and Mary Gensler. I learned to sew and continue to do so. The food class was great and I enjoyed the camaraderie of fellow classmates. Again, I learned so much from Mrs Gensler, tips I still use to this day (married for nearly 54 years!)

Not sure what year it was - think it was my freshman year- we had a Stunt Nite for all

the classes. It was a lot of fun. Always enjoyed the football games at West Tech on Friday nites. Lots of class spirit. Thanks for all the good memories. And I really enjoy the Alumni News.

Joseph C. Kurilec, January 1965
Berea, Ohio

Around 1959, I took a printing shop class at Thomas Jefferson Jr. High, where I first met Mr. Thrall, I then transferred to Newton D. Baker. After NDB, I "caught up" with Mr. Thrall at JMH around 1962. I took printing/graphic arts classes daily and when I graduated (1-1965), I was taking 3 classes a day, including production printing. He inspired me to stay in the printing trade, which served very well in my career. Years later (1982?) I again saw Mr. Thrall at a Jr. high in Westlake. He became a principal there. I feel he was the direct reason that established my career for the last 45 years! Mr. Thrall & JMH are still a GREAT part of my life!

Charlyne (Martin) McGraw, June 1966
Hanover Park, Illinois

My memories of Marshall have really been a family affair. My mother, **Mary (Polick) Martin**, graduated from JMH in 1939, when Marshall was on Lorain Road. I have her yearbook somewhere, but, I remember the caption under her picture said "please take a letter, Mary". Oh, how times have changed!

My sister, **Sandra (Martin) Pekar**, graduated from JHM in June 1960. I can remember her agonizing at nights doing her French class homework. (That's when I decided I would take German!).

I remember loving all my classes and being involved in all the sports. I was on the first girls basketball team that played against other schools. We came in 2nd in the city--of course, there were only 4 schools that participated. I remember disappointing **Mr. Cox** because I did not take any college prep classes, even though I was in the advanced classes. But, I was raised that a girl graduated from high school, got married, and had a family. Thank God that times have changed!

I loved being class VP and planning our prom. I remember working with **Julie Bolland** and **Miss Poni**---setting up Chevy Hall for the after prom--planning Cedar Point---going with my cousin--which allowed me to have the best time---lots of dancing and lots of fun.

The other memory that has stayed with me all these years is the day President Kennedy was assassinated. I remember the announcement over the PA and walking down the street and seeing cars stopping and people crying. My view of the world changed that day. I became very aware of the world and the interaction of people more than any other event.

Our generation was part of a movement that brought us flower power, a desire for personal freedom, the personal experience of a war that was broadcast to the world, and, the vulnerability of life. John Marshall may have been simply a building of brick and mortar, but, it was filled with knowledge and growth and discovery and the spirits of all those who walked it's halls. To quote Bob Hope---"Thanks for the Memories!"

Judy Gilson, January 1970
Fairview Park, Ohio

First memory---taking Baton lessons at JMH night school, when I was about 7, had to climb to room 400 for the class.

Coming from Baker mid year, entering the auditorium for orientation, end of semester Thursday, no students, just teachers.

Ms. Sunny Moss, homeroom teacher for 313, also a Math teacher, and a professional golfer! German class with **Herr Schlueter**---opening the class book to chapter 1 with a picture and the words - "Hier ist eine Landkarte von Europa." I knew exactly what it said! **Janet Lotz** for biology, having to do the dissections 'alone'- partner wouldn't touch a thing! **Ms. Schulte's** slide show of her vacation trip to China and the Great Wall.

The football games- JMH vs. WTH rivalry, especially since Dad was JMH 6/38 and Mom was WTH 6/44! Fall 1969---Rhodes undefeated, we were sorry---but ---The Spoilers are Coming! Boy did we spoil --- won 12-10 in final seconds! Wow, what a memory!

Omar Blackman, Oompa Dolls, and Rhythmettes on the field! Marshmallows, Glee club, ensemble, and choir with **Mrs. Hahn**, **Mrs. Schmidt**, **Ms. Fogarty**. Fantastic Community Theater productions "Sound of Music" & "Hello Dolly". Favorite play---"Miracle Worker" with **Kathy Voytko's (6/70)**, excellent performance as Helen Keller, having a tantrum at the dinner table---the fork stuck in the back wall prop!

Senior Year: Working in the Senior Room with **Miss Luckay**. Need I say more! Seating assignments for the stage. Carwash and popcorn sale fundraisers for the class. Our signature page in the Terp, the class prank---icing the gate at south end of lot. The construction started for the new pool and gyms. Graduation weekend---Prom, Friday's temp in the 60's, Saturday, tobogganing and hayride with temps in the 40's, by Tuesday, Commencement night---had to be in the 20's and snowing. Quality memories from a quality school!

Sue (Magnone) Cornelsen, June 1971
Shawnee, KS

I have such great memories of Marshall. The teachers were fantastic. They truly prepared me for college and beyond. I can still sing "J'attendrai" and think of **Mr. Molinari**

every time I sing it. His humor, his way of teaching has impacted the way I approach teaching, today --- my degree is in education, but I'm in the business world. **Miss Win (Miss Winovich)** taught me discipline and perseverance. She taught me not to give up even when things are looking pretty bad (some of those games I cheered at were pretty dismal --- no offense to anyone intended). Put on a smile and keep the spirits up! (You have no idea how much I have to do that, these days!). And Stuart Plaid is still my favorite!

The kids with whom I went to school were from different backgrounds and ethnic origins; however, I remember how well we worked together. I keep in contact with many even after so many years. They're still a great bunch!

I tell my kids what a great high school experience I had. And whenever I'm in the Cleveland area, I drive by Marshall just to remember.

Marshall High forever!

Rachel Day, 1976
Lansing, Michigan

I have some wonderfully fond memories of my time at John Marshall. The most memorable one that comes to mind is my 3 years spent with the BEST homeroom teacher, **Mrs. Marlene Samuels**. She was so much FUN and energetic! She always played along with us girls when we joked around with her! She had a contagious laugh and laughed often! One time, she talked to us about how she struggled and worked hard to get her education to become a teacher. She was a very good role model for us girls, and always made us feel so special and important to her. At the end of our time together, before graduation, she gave each of us an inscribed and embossed certificate with our name on it signifying our appointment to the Honorable Order of Kentucky Colonels. After all these years, I still have it! I would like her to know that I feel so very fortunate to have had her as my homeroom teacher! I will never forget her and the positive influence she made in my life!

Bryan Carrier, 1977
Dunedin, Florida

I have great memories of JMHS. The one teacher that had a lasting impression in my life was, **Mr. Napier**, the Graphic Arts teacher. He taught us: photography, bindery, press work, and how to keep inventory in a printing facility. Because of Mr. Napier's printing class, I have been able to work in small, medium, and large print shops. I even owned my own business! I am still in the printing business as a Production Manager

Will there be more memories to send in?

Trustees

Active Members

Needed!

Needed!

The Alumni Association has several Trustee Positions vacant. Please consider becoming a JMH Alumni Trustee—No Special Skills are needed. Meetings are held the first Wednesday of each month, except for July and August, and usually last between 1-2 hours. We would also like some representation from classes from 1980 to the present.

We are also looking for persons to help assist our** or manage*:

- ****Webmaster**—update our webpage, assist with our computer glitches, etc.
- ****Newsletter**—with typing and collecting info/articles/pictures
- ***Reunion Liaison**—contact committees before and after reunions,
- ***Endowment**—Scholarship Selection and presentation
- ***Volunteer Coordinator**—For events, reunion, assistance at the school.
- ***Research**—from finding articles of past alumni, military associations, to locating lost alumni

Please contact **Ken Tischler** at 216-226-5644, or ken@jmhalumni.com

Don't forget to attend the Open Meeting on **Wednesday, September 5, 2012**, at Bethany Lutheran church. Please RSVP to judy@jmhalumni.com if you plan to attend.

Times, they are a changing!

Trustees, **Andy Mathews, 1/70**, and **Michelle (Maco) Mader, 6/74**, have resigned from the Alumni Board in the past year.

Andy has served for 18 years, as president, vice president, statistician for sports, maintained death records, acted as school liaison, and serves on the Hall of Fame Committee, an off shoot of the Alumni Association. He has been named **Trustee Emeritus**, but will continue working for us from home, collecting sports scores, death notices, and answering phone calls.

Michelle began working as a trustee over 10 years ago, focusing on the Endowment Fund, a committee that she had chaired since it's inception. Her work with the selection of students who apply for our scholarships has been appreciated.

Ralph Pfingsten, 1/58, has stepped down after 26 years of serving the JMH Alumni Association. He has served as director, president, vice president, editor, and been on multiple committees. Ralph will be concentrating on writing future books, speaking engagements, and travel. His status has been changed to **Trustee Emeritus** for his years of service.

Their efforts will be truly missed. Please consider a position as a member of the Board of Trustees for your Alumni Association. All ages welcome!

THOSE WHO HAVE SERVED!

Below is a list of the Trustees/Members from the inception of the Alumni Association formed in the early 90's. Current trustees are highlighted. Many of the names should be familiar, especially among your class, because most have served on your Reunion Committees as well.

As you can see, representation up to the mid 70's is well documented. We would love to have representation from those in the 80's, 90's and 2000's., to bring our Association in to the technological age!

Mission Statement

The John Marshall Alumni Association is a non-profit organization dedicated to supporting John Marshall High School, its faculty, students and alumni. We promote, finance, organize and participate in functions and events that contribute to the core values of education both academically and socially. We draw on our Alumni for support in these endeavors that include a Scholarship Program for graduating Seniors. Finally, we strive to maintain historical records that preserve our School's rich heritage.
